美しい新緑の季節が終わり、ジメジメと湿気が多くなる梅雨の季節です…。

酸っぱいものを食べて飲んで、乗り切りましょう！

Hello everyone,

Are you enjoying the nice weather recently? What are your plans for the Summer? I'm getting pretty excited for Summer. I am planning to buy a new bicycle and go on many bicycle trips in the area.

How was your Golden Week? I went to Tokyo with Richard, Jason, Carlos, and other ALTs too! It was a lot of fun. We went shopping in Harajuku, and enjoyed good food in Yokohama. We even went to a cool arcade in an old warehouse called あなたのウェアハウス in Kawasaki.

Enjoy the pictures and talk to you again soon!

ビリーは原宿で何を買ったのかな?今度会ったら聞いてみようかな…。

Greetings!

The snow has melted and we have entered spring at last. In the last few months, I have travelled to many different places including Hitachi Seaside Park to enjoy the flowers and Tokyo to celebrate a friend's birthday. Spring also means I get to enjoy meeting some of my 6th grade elementary school students entering junior high school. They were all very excited to see me again and I look forward to teaching them more English in the future.

See you next time!

★卒業した6年生と中学校でまた会えてもっと英語を教えることが楽しいようですね!(^)!春は、雪が溶けて待ちに待った季節だけど、リチャードにとってもうひとつの楽しみがあるってことかな。

丘一面にお花。じゅうたんみたい!

I hope you have been enjoying the spring weather and had a chance to see the beautiful sakura blossoms. I've had such an eventful spring; some good and some bad.

As for the good parts, I went to Kyoto for vacation during Golden Week. I rented a bicycle every day and biked for about twenty miles per day (about 32 km) I went Goshuin Hunting! I love the red seals that people stamp over calligraphy when I go to temples or shrines! They are so beautiful! Many of the shrines and temples I visited were hidden on top of mountains with views of the Arashiyama River, or in shopping districts behind stores, or in residential areas with no foot traffic. Some were hit and miss, some seals were only offered seasonally. I learned that it's always the quietest and smallest places that have the best art. But they're also the hardest to find! Shiroishi has a few too!

It's hard to do research in a language that's not your own! But it made my Kyoto trip into a scavenger hunt game, and for that I was happy!

Have a nice hunting season!
